Universität Szeged [*Szegedi Tudományegyetem*], Szeged (new)

Zypern

Universität Zypern [Πανεπιστήμιο Κύπρου / *Kıbrıs Üniversitesi*], Nikosia (new)

You can apply for the vacant spots using the following online application form:

<https://erasmus.wiwi.rub.de/>

- **!!! When stating your preferences, please select only those partner universities that are listed above – only at these universities there are still spots available (i.e., please do not apply for NHH or ISCTE – those applications cannot be considered) !!!**
- Please note that the only way of applying is using the online application form. We do not accept applications by email.
- In order to access the online application form, you have to login with your RUB login ID.
- For the success of your application it does not matter at all when you submit your application. You don't need to rush and submit your application as soon as possible. The important thing is to not miss the deadline.

Application deadline is May 31st, 2021.

- Late applications cannot be considered!

When applying for these ERASMUS-spots **please bear in mind that**

- the **period of your ERASMUS-stay is definitely restricted to the summer semester 2022** only, i.e., you can neither apply for winter semester 2021-22 nor for winter semester 2022-23!
- the **preparations for an ERASMUS-stay at one of our new partner universities** (labelled with “new” in the list above), **will possibly be a bit more elaborate and time-consuming** as we have no exchange experience with these new partners and thus, cannot offer you much assistance; you will be the first students from our faculty to stay at these partner universities!

If you have any further questions, please send an email to wiwi-erasmus-outgoings@rub.de.
